

Social Story for Sensory  
Storytime at Kingshighway  
Library

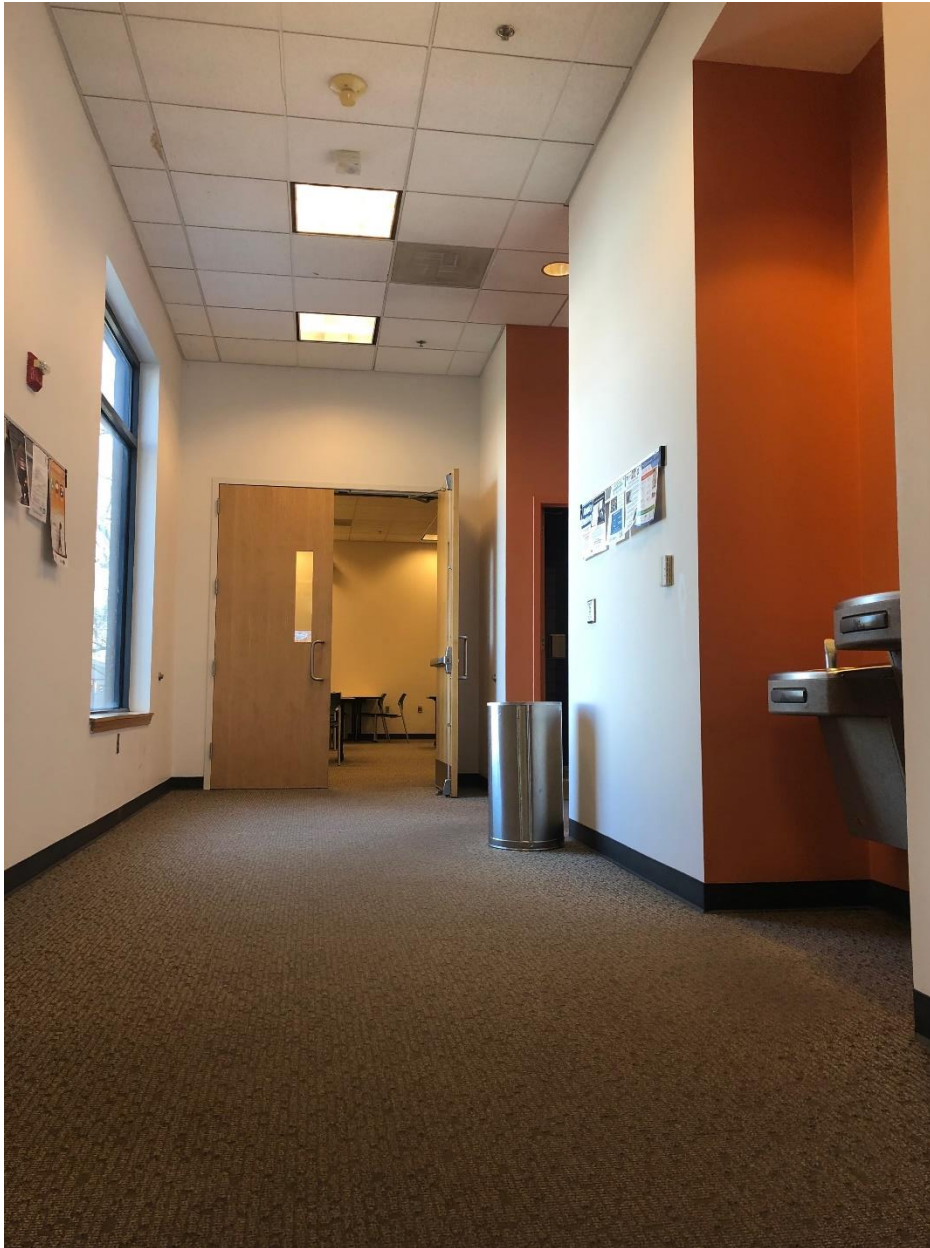

I am going to Storytime at Kingshighway Library.

In the Children's Area, I can read books or play games before or after Storytime.

This is the entrance to the auditorium where we will have Storytime. The bathroom and the water fountain are right outside the door.

Just before Storytime begins I go into the auditorium,  
and I find a place to  
sit.

My mom or dad or other grown up stays with me during Storytime.

Miss Megan welcomes me and reads and tells stories to us. I listen.

During Storytime we dance and sing. I can dance and sing along or listen and watch.

I can play at the end of Storytime.

After Storytime is over, we all go home.
