

ST. LOUIS PUBLIC LIBRARY FOUNDATION
IMPACT REPORT

2022

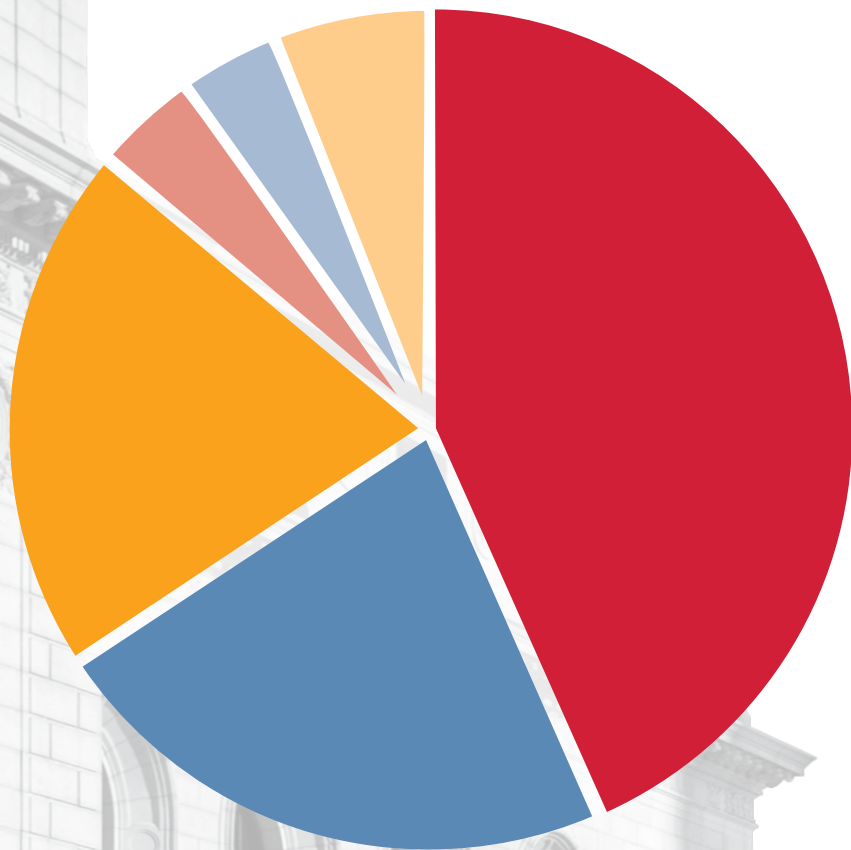

Support of St. Louis Public Library Foundation (SLPLF) from businesses, foundations and individuals enables SLPLF to fund a wide range of programs and projects that serve the people of the City of St. Louis.

St. Louis Public Library (SLPL) programs and projects have a direct impact on the lives of those who live and work in our city. Through them, residents have access to free internet, digital resources, early childhood literacy programming and outreach services for thousands of St. Louis families.

Together, St. Louis Public Library meets the needs of our community and keeps them connected to each other and the world around them.

SUMMER @ SLPL SCHOOL IS OUT. CAMP IS IN.

Funding from St. Louis Public Library Foundation helped provide free summer camps to area youth. Children ages 3-18 enjoyed a wide variety of free camp sessions, experiencing everything from mini medical school and 3D modeling to film production and songwriting!

Summer @ SLPL programs help counteract "summer slide" - the partial learning loss students experience during the summer months when schools are out of session. Summer camp participants are better prepared to move forward with their academic studies when they return to school in the fall.

SUPPORTING FAMILIES

In 2022, St. Louis Public Library established a two-part program in partnership with the St. Louis Area Diaper Bank to support women and families with young children in the City of St. Louis. St. Louis Public Library welcomes this new partnership as a way to support its mission to improve individual, family, and community life in our city.

DIAPERS

Families with young children can pick up 50 free diapers per month for each child at one of two library locations - Central and Julia Davis Libraries.

PERIOD SUPPLIES

Through the Alliance for Period Supplies, an initiative of the St. Louis Area Diaper Bank, St. Louis Public Library provides free period supply kits at all 16 library locations.

Purchasing period supplies is not always a possibility for some in our community, and lack of access to health products can impact the daily lives of many women. In fact, 1 in 3 low-income women miss work, school and other outings due to lack of period supplies.
