Support of St. Louis Public Library Foundation (SLPLF) from businesses, foundations, and individuals enables SLPLF to fund a wide range of programs and projects that serve the people of the City of St. Louis.

St. Louis Public Library (SLPL) programs and projects have a direct impact on the lives of those who live and work in our city. Through them, residents have access to free internet, digital resources, early childhood literacy programming, and outreach services supporting thousands of St. Louis families.

Together, St. Louis Public Library meets the needs of our community and keeps them connected to each other and the world around them.

St. Louis Public Library (SLPL) led the initiative to create a community summer reading program to serve the St. Louis region. Partnering with St. Louis County Library (SLCL) the two library systems worked to create STL Summer Adventure, an innovative reading program that includes community partners like Forest Park Forever, Missouri Botanical Garden, and Saint Louis Science Center.

SMORE TO LOVE: SUMMER@SLPL CAMPS

Funding from St. Louis Public Library Foundation helped provide free summer camps to area youth. Children ages 3-18 enjoyed a wide variety of free camp sessions, experiencing everything from bike building and wilderness medicine, to computer animation and coding!

Summer @ SLPL programs help counteract "summer slide" - the partial learning loss students experience during the summer months when schools are out of session. Summer camp participants are better prepared to move forward with their academic studies when they return to school in the fall.

“...They are quite shy most of the time, it was a wonderful experience for them to act in front of audiences and to feel confident. This camp is magical!”
- Camper Caregiver

“I love this camp so much. I only want to do this.”
